Invisalign India Forum – Jaipur

24th – 25th March, 2022

Name of the Staff: Dr. Meghna Vandekar

I attended the 1st Align India forum held in Jaipur on 24th and 25th of March. It was organized by one of the leading Clear Aligner Providers in India. I was a part of the panel discussion along with my contemporary orthodontists the topic of which was “Grow your practice with Invisalign, hear it from experts”. I was also awarded the title of “Platinum Elite Invisalign Provider”. I also attended various lectures by Orthodontists who are leading clear aligner practitioners of the country and learnt valuable knowledge that I aim to apply in the upliftment of the Invisalign treatment provided by the Department of Orthodontics and Dentofacial Orthopedics at the Y.M.T Dental College and Hospital.

Dear Doctor,

We are pleased to welcome you to the Invisalign and iTero Align India Forum 2022.

At this event, the speakers will share their best practices for utilising a digital workflow with Invisalign treatment and iTero. Invisalign India Forum – Jaipur

24th – 25th March, 2022

Name of the Staff : Dr. Pooja Rohondia

I attended the Align India forum 2022 held in Jaipur, Rajasthan on 24th and 25th of March'22. It was a power packed two day event. It was a great opportunity to learn with the Invisalign experts present there from all over the country. The lectures, case studies and panel discussions gave us an insight on treating complex cases with Invisalign clear aligners. It was an honor to be present there and represent the Department of Orthodontics and Dentofacial Orthopedics at the Y.M.T Dental College and Hospital Navi Mumbai, under the guidance of Prof. Dr. Meghna Vandekar. We gained clinical knowledge that can be put to use in the treatment of Invisalign cases to be treated in the department in future.

Conference : International Federation of Endodontic Association (IFEA)

Date : 12/08/2021 to 14/08/2021

The 12th International Federation of Endodontic Association World Endodontic Congress was organized at Chennai, India and conducted online due to COVID-19 pandemic . It was amazing to participate in an international event with 2500 delegates from 40+ countries. IFEA gave us an opportunity to hear from a galaxy of internationally renowned endodontic academicians , researchers and clinicians providing an wide array of scientific sessions.

IFEA also organized talent hunt contest by the name Talent Show where they received over one hundred entries from all over the globe.

The event was attended by faculty members of Department of Conservative Dentistry & Endodontics.

Dr. Mrinalini Vaidya and Dr. Apurva Jadhav made their submissions for the talent show and received recognition in form of Award of Appreciation. Their submission videos were also played during the valedictory ceremony.

IFEA conference was held on 12th august to 14th august 2021 chennai.

It was an extravaganza event. Speakers like Synguck kim who is father of microsurgery emphasized on role of microscope in field of dentistry.

Emphasis on roots to perfection the theme was a perfect blend of traditional concepts to recent advances in field of endodontics.

Amazing session of lectures and great venue and organization was talk of the town

Report on Endo Synergy

Endo synergy was an event organized by the Department of Conservative Dentistry & Endodontics MIDSR, Latur and YCMM, Ahmednagar between 2nd to 5th August 2021. It was conducted as a part of the scientific E-fest.

It offered a plethora of scientific deliberations covering recent endodontic advancements. The participants witnessed detailed lectures on uses of LASERS in endodontics, latest irrigation protocols and techniques used in regenerative endodontics, hence making it a knowledge packed, delightful learning experience.

The IFEA organized the world endodontic congress from 23-26th September 2020... in the view of world wide lockdown the conference took place via online platform. The congress witnessed a host of international and national speakers, all stalwarts in their respective fields. It was a great opportunity to be able to listen to them and equally learn from them. Speakers presented their cases and shared with us problem solving tips and tricks. Overall it was a great learning experience

I was also a chair person for session to evaluate paper presentation

CONFERENCE REPORT

The 18th National Triple Symposium 2020 was conducted at Maulana Azad Institute of Dental Sciences and Hospital, from 6th to 8th March 2020. The platform brought together the three disciplines of Oral medicine and radiology, Oral Pathology and microbiology and Oral and Maxillofacial Surgery.

The Symposium included pre-conference courses which were conducted on 6th March 2020. A myriad of topics in the three disciplines were conducted by stalwarts of the field.

Staff and PG students presented papers and posters at the event. Topics presented included,

Name	Category	Presentation	Topic
Dr. Bhakti Patil	Faculty	Paper	To evaluate safety and efficacy of topical imiquimod 5 percent in cases of Oral leukoplakia a pilot study
Dr. Nalini Tomar	Faculty	Paper	Assessing the dimensions of mandibular incisive canal and its relationship to adjacent anatomical landmarks using CBCT: A Retrospective study

22nd Post-Graduate Conference – Kochi

6th– 8th March, 2020

Name of the Staff : Dr. Saloni Mistry

I attended the National Post-Graduate Conference 2020 held in Kochi on 6th 7th and 8th of March'20. It was a mesmerizing three day event. I presented a Pre Conference course on the topic "Chociced Component". I was given the opportunity to represent the Dept of Prosthodontics at the Y.M.T Dental College and Hospital Navi Mumbai and present complex cases treated in our department .I was blessed with handling a scientific session as well. It was an honor to be present there and represent the Department of Prosthodontics at the Y.M.T Dental College and Hospital Navi Mumbai.

Report 2019

It was our proud privilege to host the most awaited conference, the 34th IACDE 2019 National Endodontic Conference after 14 years in the state of Maharashtra. We were glad that IACDE 2nd West Zonal Conference 2019 (Zone 1) was also hosted with the same. The conference was held from 29th November to 1st December 2019 at CIDCO Convention Centre, Navi Mumbai. To ACE is to excel, which was the theme of our conference - Aesthetics, Conservative and Endodontics- the most important triad of Dentistry.

The conference was an extravaganza of the most recent technological advances in the field of micro restorative dentistry, micro surgical endodontics and digital smile designing with emphasis on workshops and live lectures by an array of international and national speakers.

The "City of Dreams", Mumbai inspires it's citizens to dream big and succeed in all endeavours. This conference was also driven by the same passion and left a lasting imprint on the attendees' minds.

Me being the organizing secretary of the conference with the help of staff from Ymt Dental college and other

2019

Part of core organising team and participated in 34th IACDE national conference 29th November to 1st December, 2019. Conference had international and national speakers on endodontics, aesthetic dentistry and conservative dentistry.

47th Indian Prosthodontic Society's Conference – Raipur
28th 29th 30th November & 1st December, 2019

Name of the Staff: Dr. Anuradha Nemane

I attended the National conference held in Raipur on 28th 29th 30th November & 1st December, 2019. It was organized by one of the Indian Prosthodontic Society. I was a part of the panel discussion along with my contemporary Prosthodontists. I also presented a Pre-Conference course on the topic "The Choced Component-Cast partial Denture: Simplified ". I also attended various lectures by Prosthodontists who are leading practitioners of the country and learnt valuable knowledge that I aim to apply in the upliftment of the Prosthodontic treatment provided by the Department of Prosthodontics at the Y.M.T Dental College and Hospital under the guidance of our HOD Dr. Saloni Mistry.

REPORT

54th IOC Bhubhaneshwar

22nd to 24th November 2019

I, Dr. Meghna Vandekar, attended the 54th Indian Orthodontic Conference held in Bhubaneshwar from 22nd to 24th November 2019. It was organized by the Indian Orthodontic Society. I presented a paper at the conference. There were many lectures on the various techniques in orthodontics. I attended lectures conducted by the national and international speakers. I aim to apply the knowledge attained in the day to day functioning of the department and including the newer techniques in our department work ethics.

3rd World Cancer Congress, 2019

Report by Dr. Sangeeta Patankar

Attending this conference gave me a rewarding experience that provided concrete tools and solutions that helped to enhance my work practice. It created an inspiring atmosphere and added new perspectives such as the role of complementary treatment in cancer. The conference also gave an exceptional opportunity for the delegates to interact with the world-class Scientists and Industry Professionals working in the field of cancer/oncology. Through this conference we could explore the new ideas and concepts on global scale and the topics Cancer Biology & Genetics, Organ-Defined Cancers, Oncology: Sub-Specialities, Radiation Oncology, Surgical Oncology, Cancer & Stem Cell Therapy, etc. This conference also gave an excellent opportunity to present my research on oral cancer for which I received **Dr. Renato Dulbecco Memorial Award.**

XXVIII IAOMP Conference 2019, Kovalam

Report by Dr Gaurav Salunkhe

The conference provided an excellent insight on various topics related to Oral pathology through scientific lectures, panel discussions and slide seminars. The preconference session on molecular technique was very useful and practical, through which we understood the latest terminologies. There was an insightful panel discussion of various eminent speakers on oral cancer and precancer diagnosis. This can be potentially useful in appropriate oral cancer and precancer diagnosis in daily practice. Also, the slide seminar on Odontogenic Pathoses was practical, through which diagnostic strategies of various odontogenic pathoses according to recent WHO classification could be understood.

Lab-on-a-Chip & Microfluidics World Congress 2019

Register

Welcome to the SelectBIO 11th Annual Lab-on-a-Chip & Microfluidics World Congress 2019. Bringing together researchers and industry participants from both academia and industry, this established congress now in its 11th consecutive year, will discuss the latest innovations and developments in the Lab-on-a-Chip (LOAC) and Microfluidics fields.

Presentations will explore the latest advances in the Lab-on-a-Chip & Microfluidics Fields. Focus at this conference will also be given to some of the many applications of Lab-on-a-Chip, from life science research, to taking diagnostics to the point-of-care/point-of-need and body-on-a-chip/organs-on-a-chip. We focus on LOAC device production technologies, novel designs/technologies for manufacture, as well as the key application areas for LOAC from research to diagnostics as well as 3D-bioprinting and the **convergence of microfluidics technologies with biofabrication and 3D-printing**. There is an Extensive International Perspective at this Conference with Speakers, Poster Presenters, Sponsors, and Exhibitors from the US, Europe, and Asia/Pacific. Running alongside the conference will be an exhibition covering the latest technological advances and associated products and services from leading solution providers within this field from around the world.

The Microfluidics Standards Workshop: De-Risking Microfluidic Product Development will be held in tandem with this conference and is organized by the Microfluidics Association.

Registered delegates will have full access to the co-located and concurrent conferences to mix-and-match presentations and maximize networking:

- **Lab-on-a-Chip and Microfluidics: Emerging Themes, Technologies and Applications 2019**

SELECTBIO

Microfluidics and LAB-ON-A-CHIP

Certificate of Presentation

This certificate has been awarded to **Gokul Sridharan** for delivering an oral presentation entitled "Point Of Care Diagnostics In Oral Cancer: Where Do We Stand??" at the 6th International Conference "Microfluidics and LAB-ON-A-CHIP" held at Novotel Mumbai Juhu Beach, Mumbai, India on September 12- 13, 2019.

Dr. Sanjay Bajaj

ABSTRACT BOOK

XVII National Triple O Symposium 2019

(under the aegis of Indian Academy of Oral Medicine & Radiology and Nair Hospital Dental College)

Mumbai on 15th - 17th March 2019

Bridging Disciplines in Diagnosing and Treating Oral Diseases

OUR VENUE

Nair Hospital Dental College is the second oldest Dental College in India and rated as one of the finest academic institute in Asia. Students graduating from this institute are spread far and wide in the world with one common thread, wherever they are in private clinics, hospitals or Institutes they are known for their clinical dexterity and academic excellence, leaders leading the way.

The existence of Nair hospital dental college can be traced back to 1933, when the need for imparting quality and proficient dental education was realized. It was an idea conceived in the mind and thoughts of late Dr. V.M. Desai which took shape with the opening of the National Medical College at Mazagoan. Later Dr. AL Nair donated 2 acres of land near Tardeo Bridge, and then the college shifted to its present location and was called BYL Nair Charitable Hospital and Topiwala National Medical College.

In the year 1927, Dr. AL Nair established a dental clinic with a single chair; later in 1930 a second chair was added, in an area which was earlier used as 'Horse Stable'. In 1933 the foundation of the college was laid by Dr. AL Nair, Dr. Venkatrao, Dr. Vero P. D'sa (In-charge department of Operative Dentistry) and Dr. N.F. Vaid (in-charge department of Prosthodontics). In 1934 the college was upgraded with more chairs and a laboratory. Dr. V.M. Desai was the In-Charge of department of Maxillofacial Surgery. In 1937 the department of Orthodontics was established for the first time in India under the guidance and leadership of Dr. H.D. Merchant.

1940-41 was a lean phase where the college faced acute financial crunches but with the determination and confidence of the fore bearers, the crisis was seen through and in 1946 the Bombay Municipal Corporation (BMC) took over the reins. This being the first and only dental college in the nation under the aegis of Mumbai Municipal Corporation. In 1951 the construction of a separate 5 storied building was planned to house the Dental College.

In 1959, Nair Hospital was the first Dental College to start post graduate courses. The college is affiliated to Maharashtra University of Health Sciences and is recognized by the Dental Council of India.

CONFERENCE REPORT

The 17th National triple Symposium 2019 was conducted at Nair Dental College and Hospital, from 15th to 17th March 2019. The platform brought together the three disciplines of Oral medicine and radiology, Oral Pathology and microbiology and Oral and Maxillofacial Surgery.

The Symposium included pre-conference courses which were conducted on 15th March 2019. A myriad of topics in the three disciplines were conducted by stalwarts of the field. I attended pre-conferences workshops on, "Refining presentation skills for health care professionals" by Dr. Sivakumar Annamalai.

Staff and PG students presented papers and posters at the event.

My paper presentation titled, "The diagnostic dilemma of the unique ameloblastoma", was well appreciated.

The symposium allowed me to deliberate over many topics with my senior faculty, peers and postgraduate students from all over India as well as International faculty.

I was a judge for student and faculty poster and paper presentations. It was a great learning experience for me. The efforts put by the presenters were tremendous.

The three-day extravaganza also had cultural events planned and students and staff participated wholeheartedly in the event.

XVII NATIONAL TRIPLE O SYMPOSIUM 2019

(under the aegis of Indian Academy of Oral Medicine and Radiology and Nair Hospital Dental College and Radiology)

Mumbai, 15th to 17th March 2019

Bridging Disciplines in Diagnosing and Treating Oral Diseases

Dear Delegate,

Thank you for registering for the Symposium,

We look forward to welcoming you to Mumbai, the city of Dreams and Nair Hospital dental College, one of the finest Dental Education center in Asia.

To make your experience panoramic and complete we wish to remind you that there is much for you to learn and enjoy at this Symposium.

You are already aware that we have extremely distinguished invited speakers and panelists to hone your grey cells, free papers/ posters/ essay competitions to test your caliber and capacity.

We wish to draw your attention to the fact that the conference team has arranged 6 preconference courses on day 1, these are at a minimum cost as compared to if you were to attend outside this conference. Do take advantage of this, the seats are filling up fast, do not miss the opportunity.... Go to the web site- programme- schedule-preconference and the choices are there for you to select.

There is an exciting Quiz- "Kranium Krusher's" organized on 17th March with the elimination round on 16 March. Please go to the web site-programme-schedule- day3- Kranium Krusher's to see the details. Send your registrations with details to support@tripleomumbai2019.com

Your active participation will determine the success of this event

Regards

XXVII IAOMP Conference 2018, Amritsar

Report by Dr Sangeeta Patankar

The conference provided an excellent insight on various topics related to Oral pathology through scientific lectures, panel discussions and slide seminars. I found a key note lecture on lymphoproliferative and other key note lecture on epithelial dysplasia & its grading to be very useful and practical. I also could know how to address various diagnostic dilemmas around epithelial dysplasia. This can be potentially useful in appropriate oral cancer and precancer diagnosis. Also, the slide seminar on Odontogenic Pathoses was excellent, through which we understood the latest terminologies and diagnostic strategies of various odontogenic pathoses according to recent WHO classification.

Report for 2018

46th Indian Prosthodontic Society's National Conference – Mangalore

15th – 18th November, 2018

Name of the Staff : Dr. Anuradha Nemane

I attended the IPS Conference 2018 held in Mangalore on 15th 16th 17th and 18th of November '18. It was a wonderful four day event. I also presented a Pre-conference course on the topic Implant Impressions : precision to obtain passive fit” .It was a great opportunity to learn with the experts present there from all over the country. The lectures, case studies and panel discussions gave me an insight on treating complex cases with precision. It was an honor to be present there and represent the Department of Prosthodontics at the Y.M.T Dental College and Hospital Navi Mumbai, under the guidance of Prof. Dr. Saloni Mistry. We gained clinical knowledge that can be put to use in the treatment of complex Prosthodontic treatment modalities in the department in mere future.

Report for 43rd AOMSI Conference, Chennai.

Dr. Shreyas Gupte Professor and Head, Department of Oral and Maxillofacial Surgery.

I attended the conference from 17th of November, 2022 to 19th November, 2022 at Brilliant Convention Centre (Nakshatra), Indore.

The theme of the annual conference was Expanding the Envelope, and 75 years of Indian independence was celebrated at the inauguration ceremony.

I actively participated with colleagues from colleges all over the state and globally, celebrating 75th year of Indian Independence by dressing up in Indian traditional's representing diversity of Indian Culture and celebrating the same.

I participated in all the scientific events that were spread over a span of 3 days and guided Post Graduate students for National Paper and Poster presentation Competitions.

20nd Post-Graduate Conference – Chennai

6th – 8th July, 2018

Name of the Staff : Dr. Anuradha Nemane

I attended the National Post-Graduate Conference 2020 held in Chennai on 6th 7th and 8th of July'18. It was a mesmerizing three day event. I presented a Pre Conference course on the topic "Demistifying the Articulator & Facebow". I was given the opportunity to represent the Dept of Prosthodontics at the Y.M.T Dental College and Hospital Navi Mumbai and present complex cases treated in our department. I was blessed with handling a scientific session as well. It was an honor to be present there and represent the Department of Prosthodontics at the Y.M.T Dental College and Hospital Navi Mumbai.

Conference Report

EAPD Congress, 2018

Lugano, Switzerland

The conference was held from 20-23 June 2018 in the beautiful locales of Lugano. The theme of the conference was Evidence Based Pediatric Dentistry. Guest lectures, student and staff papers and poster presentations were a part of the conference. Faculty of international repute shared their expertise on various topics.

I, Dr Amar N Katre, attended guest lectures and gained understanding of using interdisciplinary approach for the purpose of caries management. I could also fathom the great importance of practicing EBD for patient benefit.

I also presented on the role of Arnica and Ibuprofen on post extraction pain management in children.

Our Introductory Course

The Foundation Program

Orofacial Myology in the 21st Century

Introductory Course

Orofacial Myology is defined as treatment of the orofacial musculature to improve muscle tonicity and activity. It is the establishment of correct functional activities of the tongue, lips and jaw, so that normal growth and development may progress in a stable, homeostatic environment.

Course Objectives:

- Anatomy and Physiology training in identifying relevant dysfunctional habits
- Techniques required to rectify such habits
- Orthodontic fundamentals
- Benefits obtained by correcting OM dysfunction
- Therapies and exercises used in the treatment
- Motivational techniques for success
- How to introduce or integrate OM into an existing practice or modality
- Practice Management, Ethics - Record Keeping
- Hands-On therapy execution

36 hour course over 4 weekends

Saturday morning 8-1pm MST

Sunday afternoon 1-5pm MST

Who/What can you treat after taking this course?

- Tongue Thrust
- Dental malocclusion (such as open bite)
- Chronic open mouth posture/ breathing
- Tethered oral tissues (tongue/ lip/ buccal ties)
- Mild sleep apnea
- TMD
- Facial paralysis
- Facial pain
- Low jaw posture
- Forward and/or low tongue posture
- Thumb, finger and pacifier habits
- Nail biting
- Bruxism

Coulson Institute Of Orofacial Myology

2121 S. Oneida St. Suite 521 Denver, CO 80224 ~ 303-759-2760 www.coulsoninstitute.com

Declares that Amar Narayan Katre

Has satisfactorily completed 28 hours of "Orofacial Myology for the 21st Century"

*This document declares certification by The Coulson Institute
to use the Coulson Method of Orofacial Myofunctional Therapy*

Given this 11th day of March 2018

Sandra R. Coulson MS, ST, Ed, COM

Conference Report

Orofacial Myology for the 21st Century, 2018

Singapore

The workshop 8-11 March 2018 in the bustling city of Singapore. The workshop focussed on the role of Orofacial Myology in craniofacial development as well as means to correct functional disorders in the craniofacial system. The same was done through didactic means and through a well designed hands on experience.

I, Dr Amar N Katre, could get a great insight into using this science for the benefit of patients. It motivated me to inculcate this science in day to day clinical practice. I was inspired to start an organisation for dental surgeons and allied healthcare professionals in India under the name of Foundation for Orofacial Myotherapy, of which I am the founder Secretary.

Conference Report

39th ISPPD Conference, 2017

Sri Ramachandra university, Chennai

The conference was held from 13-16 Sept 2017. The theme of the conference was Interdisciplinary Pediatric Dentistry. Guest lectures, student and staff papers and poster presentations were a part of the conference. Various interdisciplinary topics like management of cleft palate children, management of children under general anaesthesia traumatic injuries etc. were discussed. International as well as national faculty shared their expertise on various topics.

I, Dr Amar N Katre, attended guest lectures and gained understanding of using interdisciplinary approach for the purpose of caries management.

XVI National Post Graduate Convention of IAOMF, Meerut

Report by Dr Sheetal KordeChoudhari

The convention provided an excellent platform for learning, sharing and networking. The theme of the convention was 'Hematopathology'. The convention consisted of series of sessions giving brief yet appropriate overview of different hematopathological disorders and their application in routine oral pathology practice. These sessions were truly insightful, as hematological disorders are often neglected in routine oral pathology practice.
